Cattleman's Advantage Bull Sale

Selling 166 Yearling Angus Bulls

Thursday, February 27, 2020 • Manhattan, Montana

Welcome to our "Cattleman's Advantage Bull Sale!"

Wow! Another year has come and gone...more quickly than the last! We're praying that 2020 will give you an even grander "vision" for your cattle herd as you passionately pursue your love of ranching and serving our country through your hard work on the land and in your barns!

2019 found all of us at Van Dyke Angus not only "counting our blessings" but also "counting kids and calves"...as we had many wonderful additions! Keith and Ev Van Dyke welcomed three grandchildren, Paul and Deb Feddes welcomed a grandson with Nate and Aly Feddes and Tom and Sherry Wulff welcomed a granddaughter with Charles and Kasey Pera! We are growing!

Currently, we're counting calves and are excited to welcome another crop that fits into our 42-day calving window. The weather has been amazing and we're hoping it doesn't snow every single day in February like last year! We truly appreciate your faithfulness and commitment to our program, through rain, sleet, snow and more! If you'd love to attend our sale but aren't able to make it this way, we strongly encourage you to tune into DVAuction online, as each year the number of those actively bidding from faraway places continues to grow. We're looking forward to the opportunity this added connection to you and your homes and herds will have in the future as high tech combines with personal touch!

Each year, we strive to improve the ways we're doing things, yet sticking to the basics and bringing you what you expect from our long-standing tradition at VDAR. As we write this letter to you in late January, we have calved 280 of our 400 cows. Considering we are only 15 days from our initial calving date, our cows are performing exceptionally well and with the weather being so good, all things look promising! Fertility First is our mantra and with 70% of our herd calving in those first 15 days of the calving season, our cows are proving that a focus on culling late cows and using genetics that excel in fertility will guarantee most of your cowherd are the early calvers!

Our stringent focus on eliminating foot structure problems is showing huge dividends as this year's offering has developed perfectly, with exceptional foot and leg quality as well as structural integrity. Before we concern ourselves with extreme EPD spreads and high values on any particular trait, we focus our cowherd on quality from the ground up! Great feet and legs, flawless udder quality and refined and feminine front ends all need to be part of an extremely high quality individual that excels in the field before she needs to excel on paper! VDAR bulls are bred to provide growth, calving ease, and highly maternal daughters, but most importantly, they will work for you in the field and will deliver a higher percent calf crop which means more profit to your bottom line.

This past year, VDAR Angus bulls and females continued to impact herds across America, reaching as far as Tennessee, Iowa, Louisiana, Georgia, Florida and beyond! The ability to work with cattlemen and women throughout our great land is one of our biggest joys in the Angus business and we're looking forward to what 2020 and this new decade will bring.

As you study the catalog and view the offering, please feel free to touch base anytime with the VDAR crew. We are ready and able to answer your questions and customize your selections to fit your breeding program and specific needs. And you're invited to come by anytime to see the bulls in person. The "welcome mat" is always out!

The Van Dyke Angus Ranch Family

Cattlemen's Advantage Bull Sale

Thursday

Andy Rest, *Cattle Business Weekly* - 406.670.5678
Bill Pelton, *On Assignment* - 406.656.3615

Genetic Defects

The American Angus Association has identified different genetic defects in the Angus breed. We are fortunate that we have very few of the affected pedigrees. However, when there is a possibility, all animals involved have been tested free of all known genetic defects.

Retained Interest

Van Dyke Angus Reserves the Right to 1/3 semen interest in all sale bulls. The 1/3 semen interest is a semen revenue sharing interest only, with 100% of the bull's salvage value belonging to the buyer.

Auctioneer
Roger Jacobs
406.698.7686

Retained Interest

Van Dyke Angus Reserves the Right to 1/3 semen interest in all sale bulls. The 1/3 semen interest is a semen revenue sharing interest only, with 100% of the bull's salvage value belonging to the buyer.

Terms & Conditions

All cattle sell under the standard terms & conditions as adopted by the American Angus Association.

Settlement & Delivery

All bulls are to be settled for sale day unless prior arrangements have been made. In regards to the bulls selling, Van Dyke Angus is offering to feed, maintain and fertility test for an approximate March 15 delivery. Free delivery is available in Montana and surrounding states.

All bulls are fully guaranteed for one full breeding season.

Food & Refreshments

Will be available throughout the duration of the sale. A delicious tri-tip lunch will be served at 11:30 a.m.

Buyers unable to attend the sale may send bids to the auctioneer or any of the field men listed above or access our Bidder Conference Call managed by Bill Pelton.

(see page 19 for further information)

DVAuction
www.dvauction.com

Watch & Bid online for FREE!

Can't make the sale?

Let DVAuction bring the sale to you!

Busy during the sale?

Let DVAuction represent your bid!

Visit www.dvauction.com and Register!

It's as easy as 1, 2, 3...

1. Create an account at www.dvauction.com under the "create new account" tab
2. Apply for bidding by clicking "apply for bidding" in the upper left corner of your screen, at least 24 hours prior to the auction
3. Tune into the sale and make your purchases!

This is a bull that packs a punch, the \$22,000 selection of the 2017 bull sale. A son of Genex sire VDAR Sonny Boy 1194, Showdown was a complete standout from the time he was born. He had a weaning ratio of 109 and a yearling ratio of 106. More impressive than his individual performance is that of the cow behind him. VDAR Forever Lady 1409 has been a true standout. She has had 4 bull calves, averaging over \$20,000 each, 3 of them have seen use in our own herd. Showdown's Pathfinder dam has a calving interval of 368 days, a weaning ratio of 107 and a yearling ratio of 105 on 7 head. The feet and disposition of Showdown are remarkable, much like his sire. They also exhibit tremendous muscle shape and growth wrapped up in a stylish package. We have used Showdown heavily on cows and heifers with tremendous success. Co-Owned with Hartman Angus, Grand Island NE. Semen Available from VDAR

Owned with Southern Cattle Company, Mariana, FL, 512 has become a key factor in both programs' futures. He sired the high-selling sire group in the 2019 VDAR Cattleman's Advantage Bull Sale. His tremendous combination of calving ease, growth, muscularity, and phenotype make him a featured sire in this sale. His first daughters have calved and they look fantastic! They are very complete and sound and have perfect udders like his mother. Sons and a full brother sell.

Sonny Boy was the high selling bull of the 2015 VDAR bull sale. He also sired the high selling sire group of the 2017 and 2018 bull sales. He has become an integral part of our breeding program, due to his exceptional foot and leg structure and gentle disposition. His sons continue that trend; we are currently using four of them in our program. His daughters have an average nursing ratio of 104, and have bred back remarkably well.

Co-Owned with Jenkins Cattle Co, Moultrie GA,

Lindskov & Thiel Ranch, Isabel SD and Genex.

Semen available from Genex

Gallatin is an exciting up and coming sire in our herd. He comes from a great 8 year old cow who is a maternal sister to VDAR Stout 1623. His calves have done extremely well for us with birth ratio's of 98, weaning and yearling ratio's of 102. We have used him on both cows and heifers with great success. Long bodied, easy calving and clean fronted, we are very excited to get more of his daughters in production as he continues to see more use in our program over the coming years.

Co-Owned with the Namminga's, Avon, SD.

Lone Peak was the High Selling bull of the 2018 Bull sale. Selected by Genex and Stevenson Angus, he was a real standout. Lone Peak has turned into one of the easiest calving bulls that we have ever used. Over 100 head of his calves have ratio's of 93 on birth. Extreme calving ease without sacrificing bone mass. His daughters look tremendous, feminine, nicely made heifers that we look forward to getting into production.

Co-Owned with Genex and Stevenson Angus, Hobson MT.

Semen Available from Genex

"T10" is a Pathfinder Image Maker son from White Ridge Angus in Virginia. We decided to use him after seeing daughters in several herds that were VDAR type females, beautiful fronted, feminine cows with ideal udders under them. T10 sons are exceptionally thick and deep bodied. We just calved in our first daughters of this bull last year and they did a great job. They are beautiful cows with perfect udders and lots of production. His daughters have a nursing ratio of 103 on 223 head.

Co-Owned with Leroy Logterman, Manhattan, MT and White Ridge Angus, Somerville, VA.

542 is a young sire we unfortunately lost after this calf crop. His calves will be big-framed, muscular, and highly athletic. His combination of muscle and length of body with a long angular front end make us believe he will be a great maternal sire.

Winston was our top pick from the 2016 bull sale. He is a true calving ease bull, over 250 calves have a birth ratio of 99. He comes from a beautiful cow, who is a flush mate to VDAR Black Train 1243. We calved in our first daughters last year, and they do not disappoint. Excellent structure and eye appeal wrapped up in an easy calving package.

Co-Owned with Gnerer Angus, Hammond MT.

Lindsee & Kelby.

Slowing down from his ranch and egg duties, Lee enjoys seeing cattle friends who make their annual visit to Manhattan every February...with Joe Kleinsasser and Paul Hofer, Golden Valley Colony, Ryegate, MT.

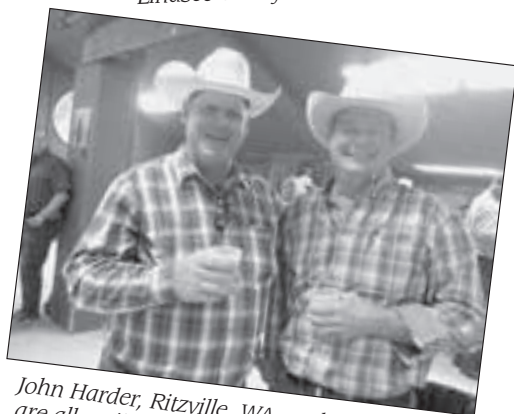

Traveling the miles is just part of the plan as Tom visits with Mark Kuhar on a beautiful day near Madison, NE.

Lindsee & Calf.

Kelby, Brittnee and Lucy.

John Harder, Ritzville, WA, and Tom Wulff are all smiles at the Pendleton Round-up! Let'er Buck!

Stout was one of our top picks on the 2014 bull sale, and has seen heavy use ever since on both heifers and cows. They are extremely correct cattle with phenomenal front ends. The kind that make lasting females. His daughters have done a tremendous job with an average nursing ratio of 102 on 56 head. Perfect uddered and extremely sound, just like his mother, who at six years old entered our donor program and is now 10. His maternal sister is the dam of VDAR Gallatin 7586. Stout sons can make a positive impact on the females in any herd. Co-Owned with Jenkins Cattle Company, Moultrie, GA.

VDAR Black Cedar 2114 is a VDAR Black Cedar 8380 son out of an N Bar Shadow daughter. His mother is a beautiful cow with a fantastic record. 2114's dam has a calving interval of 367 days, and a weaning ratio of 101 on 8 head. Her flush sister has a calving interval of 367 days, a weaning ratio of 105 and a yearling ratio of 104. Both are truly outstanding cows.

Co-Owned with Logterman Angus, Manhattan MT.

Semen Available from Logterman Angus

**To provide breeding stock to our customers
that will increase their profitability!**

We demand that our cowherd calve in a 42-day calving season without exception.

This one management strategy dictates that our
cowherd become highly **UNIFORM, FERTILE & FUNCTIONAL!**
