Dear Cattlemen and Cattlewomen:

On behalf of myself and family, I would like to welcome you to our 16th annual bull sale. I would also like to thank those who have showed confidence in our program in the past. We appreciate every one of you as you are what makes this way of life possible.

Here at Veltkamp Angus we pride ourselves in raising true, ready to go to work cattle. We calve in January and February when the snow is deep and the temperature is cold. We breed in April and May when the ground thaws and the mud arrives. And we summer in big dry country where a cow has to work to make a living. We pride ourselves in cattle that work hard and thrive in the conditions that are thrown at them. For years we have focused on genetically selecting fertile cattle that raise high producing calves, all while upholding a strict regiment of good feet and legs, high udder quality, docile disposition and a high mothering ability.

All bulls are current on their vaccinations, semen tested and ready to go to. Our goal is to raise consistent bulls that are ready to go to work in adverse conditions. Raising bulls allows us to deal with the best people in the world and we thank you for that! Looking forward to catching up with you at the sale!
