Dear Cattlemen and Cattlewomen:

On behalf of myself and family, I would like to welcome you to our 15th annual bull sale. I would also like to thank those who have purchased from us in the past. This ranching business allows us to deal with the best people in the world and I thank you for that.

Covid 19, who would have thought we would still be dealing with this over a year after it showed up. Thankfully we call ranching our occupation and our lives are relatively unaffected compared to many in our country. Other than my kids giving each other haircuts, we have pulled through nicely.

We are excited about the bulls we have to offer this year. They are very consistent top to bottom. And that's our goal. The bulls are current on vaccinations, semen tested, and guaranteed to work.

See you at the sale!

Darin Veltkamp

This pen of Trapper sons have very smooth front ends. Calving ease isn't all about the weight. Shape is just as important.

Big time calving ease here. 55 lbs. at birth and a -2.7 birth EPD. His dam is probably the ugliest cow I own. Just telling the truth, like I do in all my footnotes.
