19th Annual Bull Sale

MARCH 11, 2021

1:00 PM at our ranch near Whitehall, MT

WELCOME

Fellow Cattlemen,

Welcome to our annual production sale. A special thank you to all our past customers for your support and confidence in our program. For those of you not familiar with our outfit, We look forward to meeting you and will try to introduce ourselves and our operation to you.

We are a family owned and operated ranch with a lifetime of experience raising Angus cattle. With that experience, we have come to realize that, our goals have changed very little over the course of time. Our goal has always been to provide you, our customer, with predictable, high performance and trouble-free genetics.

In order to make genetic progress in our cattle, our selection challenges need to be similar to those of our commercial customers. To accomplish this, we run our registered cows the same as our commercial cows. We range on large pastures of short-grass sagebrush country and mountain grass upwards of 7,500 feet. Environment has proven to be our best sorting stick, and our commercial customers appreciate the fact that we test our cattle in the real world.

We have never jumped from one hot bull to the next resulting in inconsistent mongrelized genetics. Rather, our breeding philosophy is a disciplined system of mating our cattle from foundation proven bloodlines, breeding one like the next for generations resulting in consistent reliable genetics for those who run cattle in the real world.

We do not use Pap data on yearling bulls, because they are too young and at too low of an elevation to get meaningful data. We do however have accurate Pap data on our cow herd and herd sires and that data is available upon request.

As technology integrates into the cattle industry, it facilitates faster changes in the management of our livestock. A question often asked is: "Are we putting too much emphasis on numbers generated by technology?" As a breeder, I feel we need technology. However, I also believe that when technology isn't applied correctly, it can create more problems than it resolves. By no means am I against technology. However, it is important to note that it takes significant time to generate a reliable database for new programs & high-accuracy EPDs. I do use EPD's as a factor in our new herd sire selection but; I also have concerns that technology pushes these numbers faster than the animal is actual performing. Many things can contribute to this problem: Fast turn-over of young, un-proven herd sires, falsified data entry and manipulation of contemporary groups, are just a few examples. Usually these schemes are employed in an effort to create the "right numbers" for marketing. Because of this, I am reluctant to place too much emphasis on today's EPD's.

We have spent years using performance ratios to help improve our in-herd data in tandem with EPD's. This method has time-and-again proven to be one of the most reliable ways to improve ones own herd. The method also works well to identify the elite of the herd. In our program, we do our best to pay attention to the THINGS THAT MATTER– Functionality, consistency, reliability, and performance. We heavily emphasize data collected in-the-field: birth weight, weaning weight, yearling weight and the corresponding ratios generated from these key measures.

We encourage you to contact us if you would like to visit further regarding our program philosophy or the bulls we are offering. The bulls are on the ranch and can be previewed anytime prior to the sale. We welcome you to stop by!

Thanks,

— *The Van Dyke's*

**SALE CATTLE CAN BE VIEWED ON THE RANCH.
STOP BY ANYTIME!**

THURSDAY MARCH 11, 2021

Lunch at 12 P.M. • Sale at 1 P.M. • at the ranch near Whitehall, MT

AUCTIONEER

Roger Jacobs • 406-373-6124 • 406-698-7686

SALE DAY PHONES

AIR TRAVEL

Butte is served by Delta airlines. Bozeman is served by Delta, United, Alaska & Frontier Airlines.

DRIVING DIRECTIONS

From Interstate I-90, take exit 249 at Whitehall, MT. Head north on Whitetail Rd. to mile marker 6, turn left at Wheeler Mountain sign.

TERMS AND CONDITIONS

All purchases are to be settled on sale day unless prior arrangements have been made. The cattle sell under the standard terms and conditions for the production sales as recommended by the American Angus Association.

Wheeler Mountain Ranch reserves the right to retain 1/3 semen interest on any of the bulls selling.

Announcements from the auction block take precedent over any printed material.

LIABILITY

Neither the host ranch, the sale management, nor the auctioneer assumes liability for accidents.

HERD HEALTH

All cattle will be accompanied by proper health certificates for immediate shipment. All bulls are fertility tested with scrotal measurements and are ready for interstate shipment.

Wheeler Mountain herd is free of known genetic defects.

VIDEOS

Videos can be viewed on our website at wmrangus.com and billpelton.com also at www.DVAuction.com.

VOLUME DISCOUNT

Wheeler Mountain Ranch will offer the following discount to our volume buyers: 4% on 4 bulls purchased, 5% on 5 bulls purchased, etc. A 10% discount will be the maximum extended to buyers of 10 or more bulls.

TRUCKING

Free delivery up to 500 miles, beyond at actual cost. Wheeler Mountain Ranch will offer a discount of \$50/bull if the buyer will accept delivery as soon as delivery can be arranged.

INSURANCE

Will be available at the clerk's desk. The program we have offered in past years has been discontinued. We are working to have an alternate option in place on sale day.

ABSENTEE BIDDING

This sale will be broadcast live on the internet.

He is the easiest calving bull we have used in a long time, with thousands of calves born in commercial and registered operations. He has proven to be an excellent choice as a calving ease sire. As his daughters come into production, we have to say,

they are icing on the cake! His sons are recommended for calving ease and keeping mature cow size in check. He was PAP tested at 8,000 ft with a score of 41. Proudly owned with MR Angus.

Pay Dirt is a powerful 1682 son that blew the doors off for performance at Apex in a large contemporary group, with ratios of 120 and 119 for weaning and yearling. All in a moderate frame size package. He stands

on a near ideal foot and is passing his explosive performance to his calves in a moderate birth weight package. PAP tested at 7,000 feet with a score of 48. Proudly owned with Apex and ST Genetics.

His progeny are just like him, deep bodied, easy fleshing, good footed & high performing. We brought 081 back to our program to carry on the Timeless line in our herd. He passes on performance similar to Timeless

in a more moderate frame and birth package. PAP tested at 7,000 feet with a score of 42 at 8 years old. Proudly owned with Herron Brothers and Beef 360 Genetics.

Our choice to carry on the Coach bloodline in our herd. He is an excellent choice as his offspring have excellent rib and muscle shape. We used him as a heifer bull and many of his sons will be excellent heifer bull prospects.

MR Coach 20003, Sire of 6133

Rito 4136 was the result of mating our very best Super X cow with the legendary Rito 149. We have been extremely happy to bring back this time-tested bloodline into our program. The results

have exceeded our expectations, as his sons have performed excellent in our herd. His sons will be an excellent outcross choice to any of today's bloodlines. We expect great things from his daughters as well.

"Rito 149"

We've spent 36 years refining our long-range vision focused on the development of cattle that thrive in our environment.

We have had 55 Flashback calves born here from two year old heifers and have only assisted 1. The calves come early with exceptional vigor. We will have more info by sale time as he was used in several commercial herds as well. We believe his birth weight EPD will go down considerably as his calves get reported. It looks like a good start to this promising young sire.

We offer consistent reliable genetics for those who run cattle in the real world.

Ideal has been our go to heifer bull for good reason. His calves come easy with above average growth and the daughters are making great young cows with perfect udders and great dispositions. Rancher acceptance from this line bred Jorgensen bull has been great.
