

PRODUCTION SALE

DECEMBER 11TH, 2021 • 1 P.M.

ZUMBRUNNEN RANCH

LUSK, WYOMING

www.zbangus.com

"Practical Performance By Design"

Dear Beef Producers,

We are excited about 2022! We have an awesome and mighty God to thank for allowing us to be stewards in the world's best business of agriculture!

Time brings opportunities and challenges. With our children getting more involved in competitive sports and other activities, as well as Shirley and I starting to outgrow our youth, we are in the process of making some operational changes. We will continue to have a spring calving herd that will produce 50+ bull calves to market each fall, but the rest of the herd has been push back to later spring calving. These calves will become the set of two-year-olds that we will be able to offer in following years. We also will continue to grow our fall herd with the goal of being able to offer 50 spring yearlings and 65+ older bulls in the future years.

We believe this will help us meet the needs of our customers as well as give us a little relief for activities and work load.

Additionally, we have combined our bull and female sale into one production sale. We are extremely excited about this offering of female lots. The heifer calves are products of our intense AI and embryo transfer programs. They are the best genetics that we have to offer. Daughters of Pappy, Thunderball, Enforcer, and Alternative highlight the offering. The mating of the pregnancies and embryo lots have tremendous potential.

This bull offering is the best we have offered to date and it runs deep. The first bull calves, and possibly the largest, out of the \$120,000 Baldridge Pappy are being offered and they will not disappoint! There are several bulls in that sire group that are great herd sire prospects. Additionally, we have leased the Hytrek Cattle Company herd and will be offering their set of outstanding phenotype bulls. If you are looking for consistency, there are several sets of full brothers being offered and quite a few maternal brothers. All older bulls selling will be PAP tested at our elevation, which is about 5100 ft. Yearlings will be PAP tested later in the spring to collect their data.

We believe bulls need to be raised in the same way a commercial cattleman raises their calves. With the exception of calving earlier than some in our area, we treat our cattle the same way our neighbors do. Bulls are raised on cows (non-creep) and grown out in 3 to 5 acre lots.

Youth are our future, and with that in mind, we are giving another heifer away!! Any youth ages 6 to 17 in attendance sale day can be entered in a drawing to win the heifer with the winner being drawn at the conclusion of the sale. The heifer will make a good 4-H or FFA project and should be a quality addition to any herd.

We do realize that for some of you this may be a hard time to get away for many reasons. You are always welcome to come preview and evaluate the bulls early and will have an option to bid online via DVAuction.com. Please feel free to come and evaluate them at any time.

In closing, we can't say this enough; our success is determined by our customers' success. If we can be of any assistance in any way, please give us a call. As your seedstock partner, we are committed to try and make your operation as successful as it can be. We would like the opportunity to help market your cattle as well as potentially being a buyer. Please get a hold of us early so we can help you maximize your potential and join us sale day for a complimentary lunch provided by Hickory Creek Catering and served by the Rawhide FFA Chapter.

God Bless - Jason, Shirley and family, Mel and Lola

Bull & Female Sale

SATURDAY – 1:00 PM MST

DECEMBER 11, 2021

AT THE RANCH – LUSK, WY

**Selling 108 Angus Bulls, Select Females
and Elite Genetic Opportunities!**

LUNCH A complimentary lunch will be provided by Hickory Creek catering and served by the Rawhide FFA Chapter.

GUARANTEE Bulls selling for \$3000 or more are fully guaranteed for the first breeding season. Breeding season is defined as the first 90-day period following the first turnout of the bulls. If a replacement bull is available, he will be provided, or if the buyer prefers, credit will be given in the following year's sale, less the salvage value of the injured bull. Please notify us as soon as possible should an injury occur and prior to the bull being sold for salvage.

PAYMENT TERMS Payments for purchases made can be made in December of 2021 or January of 2022.

DELIVERY Bulls will be wintered for free and delivered starting April 1st at no charge. If bulls cannot be received before May 1st, bulls will be boarded at \$4/day. Free delivery is for Wyoming and surrounding states.

SEMEN TESTING Two-year old bulls and Fall yearling bulls will be semen tested prior to the sale. All young bulls will be guaranteed to pass a breeding soundness exam before delivery is made.

HEALTH Bulls will be accompanied by health certificates as required. In addition to the normal array of vaccinations and de-wormers, bulls have been vaccinated twice with Fusoguard to prevent foot-rot bacteria. Re-vaccinating them annually will help prevent most foot-rot problems.

BULL DATA All bulls in the offering have been DNA tested. An updated EPD sheet as well as DNA profiles will be available sale day. Older bulls will have full data sets that will be available either in the catalog or on sale day. Younger bulls, we request that we winter them so that we can take all applicable data necessary to have a complete set with their contemporaries.

PAP TESTING All older bulls will be PAP tested at 5100' by Dr. Morgan Toye. Younger bulls will be PAP tested in the spring to collect data.

INSURANCE We recommend procuring mortality insurance on your purchases.

TERMS AND CONDITIONS All Cattle Sell according to the standard terms and conditions of the American Angus Association.

LIABILITY All persons attending this sale do so at their own risk.

ANNOUNCEMENTS Announcements from the block will take precedence over the catalog.

**Buyers unable to attend may send bids to CK6 Consulting,
Field Representatives or Auctioneers.**

REAL-TIME AND PROXY BIDDING AVAILABLE

DVAuction
Broadcasting Real-Time Auctions

Online viewing and bidding will be available through DV Auction. Please sign up to bid at least 24 hours in advance of the sale. High speed internet required. Videos will be posted two weeks prior to the sale.

- Classic Pappy here with depth and muscle.

Welcome to the ZumBrunnen Production Sale!

With a new date and the largest offering they have ever offered, the program continues to make large strides in the Angus seedstock world. As you go through the catalog, you will notice new sire groups, many progeny out of the Embryo Transplant program and new cow families that have been introduced. The Angus seedstock business is a business that you can't sit still on and that never happens at ZumBrunnen Angus.

If you know the family, they are hardworking, devout, competitive, and very giving. Those traits in people make for excellent Angus breeders. I have told many to keep an eye on Lusk Wyoming as I believe Jason to be one of the good breeders in the country. A keen eye and vision are in place at the ranch. The family works these cattle everyday as a family. This must be supported and applauded in our country. It built this land and sustains it.

The offering is, without question, the best they have ever offered. Bred and managed to face the harshest of conditions and also be competitive at a prime level on end-product merit. This has been documented by their growing meat business and dedication to the combination of longevity and end product traits. The female offering is progressive and designed to work border-to-border, sea-to-sea. Only in Lusk, WY can you find some of these progressive genetics.

In closing, this family is in high gear to use and grow their gifts of family and Angus genetics. Get to know them and their program and you will become as excited as I am about the direction of the program and family.

God Bless, Chris Earl

ABOVE AVERAGE GOALS REQUIRE TARGETED BULLS

Aim High

The Targeting the Brand™ logo highlights registered Angus bulls with greater genetic potential to produce calves that meet the most challenging specifications of the *Certified Angus Beef®* brand.

Only 1 in 4 non-parent Angus bulls qualify.

Minimum Genetic Requirements

Marbling EPD (Marb)	+0.65
Dollar Grid Carcass Index (\$G)	+55.0

For more information on Targeting the Brand™ visit CABcattle.com.

- Ranks in the top 25% of the breed for 17 different EPDs or \$values including top 1% for WW, YW, CW and \$W.
- What a female to start with! The only female the breed with her combination of WW, YW, Doc, Claw and Angle.
- Her dam, Pine View Rita C070, is the dam of the \$37,000 Pine View Forefront and truly one of the real marbled muscle cows in the breed.
- Excellent phenotype and kind for explosive growth and power. She still ranks in the top percentiles of the breed for maternal values.
- Donor potential for the future here!

We believe in the need for youth in our industry. As the age of the average rancher steadily increases, the need for more young people to take an interest in animal agriculture is more vital than ever to preserve our industry and our way of life.

With this in mind, we have decided to give away a heifer annually at our bull sales. We hope this may be a way to invigorate more youth to participate in agriculture programs or just to be a foundation for a herd. This is a heifer that would have been a replacement in our pen. Any youth 6-17 years old in attendance is eligible to win the heifer in a drawing that will be held at the end of the sale.
