## Dear Beef Producers,

We are excited about 2020! We have an awesome and mighty God to thank for allowing us to be stewards in the world's best business of agriculture!

This offering is the best and largest we have offered to date. There are eight 18 month old fall bulls, and 106 yearling bulls for your evaluation. If you are looking for consistency, there are several sets of full brothers being offered and quite a few maternal brothers. All have genetically enhanced EPDs, will have a full set of data from carcass ultrasounding, and breeding soundness exams will be available by sale date. Additionally, all bulls selling will be PAP tested at our elevation, which is about 5100.'

We believe bulls need to be raised in the same way a commercial cattleman raises their calves. With the exception of calving earlier than some in our area, we treat our cattle the same way our neighbors do. Bulls are raised on cows (non-creep) until mid-September and then wintered and grown out in 3 to 5 acre lots. The bulls come with a complete set of data, and any additional information not listed in the sale book may be requested.

As your seedstock partner, we are committed to try and make your operation as successful as it can be. In 2019 we partnered with Top Dollar Angus to help bring attention to the quality of genetics our customers are providing the industry. You will notice that over 80% of the bulls offered will qualify for the Top Dollar Angus program. For those interested in enrolling your calves in their program we are willing to pay the initial setup fee when over 50% of your bull power is provided by our genetics. Additionally, we are always interested in purchasing cattle produced by our genetics to feed out ourselves. Let us know when you are marketing your cattle and we will give them our best shot.

We feel it is in the best interest of all to invest in youth, so this year we have decided to give a registered heifer away! Any youth ages 6 to 17 in attendance sale day can be entered in a drawing to win the heifer with the winner being drawn at the conclusion of the sale. The heifer will make a good 4-H or FFA project and should be a quality addition to any herd.

We do realize that for some of you this may be a hard time to get away for many reasons and with that in mind we have moved our bull pens along our driveway so they are easily accessible. Please feel free to come and evaluate them at any time. In closing, we can't say this enough; our success is determined by our customers' success. If we can be of any assistance in any way, please give us a call.

Please join us sale day for a complimentary lunch provided by Hickory Creek Catering and served by the Rawhide FFA Chapter. Sale will also be broadcast live on DVAuction.com.

God Bless

Jason, Shirley and family, Mel and Lola

**Guarantee** -- Bulls selling for \$2500 or more are fully guaranteed for the first breeding season. Breeding season is defined as the first 90-day period following the first turnout of the bulls. If a replacement bull is available, he will be provided, or if the buyer prefers, credit will be given in the following year's sale, less the salvage value of the injured bull. Please notify us as soon as possible should an injury occur and prior to the bull being sold for salvage.

**Delivery** -- Bulls will be wintered for free and delivered in April/May at no charge. If bulls cannot be received before May 10th, bulls will be boarded at \$4/day. Free delivery is for Wyoming and surrounding states.

**Semen Testing** -- Bulls will be semen tested prior to the sale.

**Health** -- Bulls will be accompanied by health certificates as required. In addition to the normal array of vaccinations and de-wormers, bulls have been vaccinated twice with Fusoguard to prevent foot-rot bacteria. Re-vaccinating them annually will help prevent most foot-rot problems. All bulls have been tested BVD PI free.

**Bull Data** -- Due to the need to get the information in the sale books early, yearling weights are not given in the sale book as some of the bulls were not old enough to get submitted to the American Angus Association. Yearling weights will be taken on Feb. 17th when the bulls are ultra-sounded. Yearling weights will be available on a supplement sheet sale day and posted online a few days early. All bulls in the offering have been DNA tested. An updated EPD sheet as well as DNA profiles will be available sale day.

### Welcome to ZumBrunnen Angus Ranch 2020 Bull Sale,

*The future of the cattle business has all the fundamentals to be excellent and rewarding. Performing in our business can be challenging and a tough way of life. However, our way of life is made for the people and families that accept the challenges and turn them into rewards. That is what you find at ZumBrunnen Ranch. A smile and joyful greeting are always easy to find no matter the day. The rewards in recent years are mounting and the promise of this offering is no exception.*

*The bull crop this year has grown in numbers, consistency and quality. As we wrote the sale book, we looked to emphasize the depth of consistency in each animal. As you will notice the mention of diverse and multiple areas of performance reflected by EPDs and \$Values for each animal is excellent. This will go to the benefit of you the customer. As a third-party verification of the program I can tell you not only has the paper advanced but so have the cattle. The amount of ET brothers has grown and that goes to benefit of the purchaser in quality and consistency. Many bulls that can be used on heifers and cows are part of this deep offering.*

*The rewards from being a customer at ZumBrunnen Angus are many. The genetics over and under the hide will position you for the coming premium driven market. The people, you will not find better. They are service minded, progressive and kind. As you watch this young growing family the feeling of helping and supporting a needed way of life will bring great reward to you the customer. It's a win-win at ZumBrunnen.*

*If Wes or myself can be of assistance please don't hesitate to contact us. The bulls are ready to be viewed so please if you are within distance make time. It will be rewarding!*

God Bless  
 Chris Earl & Wes Tiemann

# Donation Heifer

ZA Bandie 9083

We believe in the need for youth in our industry. As the age of the average rancher steadily increases the need for more young people to take an interest in animal agriculture is more vital than ever to preserve our industry and our way of life. With this in mind we have decided to give away a heifer annually at our bull sales. We hope this may be a way to invigorate more youth to participate in agriculture programs or just to be a foundation for a herd. This is a heifer that would have been a replacement in our pen. Any youth 6 years old to 17 in attendance is eligible to win the heifer in a drawing that will be held at the end of the sale.
