*Red Angus Bull Sale  
Selling Over 70 Yearling Bulls*

*April 10, 2021 | 1 pm*

*Chelsee Camblin*

Welcome friends and customers to the I Like It Like That Red Angus annual bull sale. We are positive that you can find bulls to fit your program. We have committed a lot of time and effort into coming up with the bulls that are in the sale. The cattle are raised in rough dry conditions in and around Chinook and Havre, Montana.

Every effort has been made to take the guess work out of the offering with DNA, sire trace, and fertility testing. This is an honest set of bulls out of a very maternal set of cows. We utilize both AI and ET and are lucky enough to have the walking rights on a few high dollar herd sires. This is the top 50% of the bull calves. We have a stringent culling process to weed out the bottom. We pay special attention to phenotype, structure, carcass traits, and disposition. We do not retain on EPDs alone.

We feel the bulls have done very well this year. They have gained well even with the winter storms hitting right at weaning time and right before going to the feedlot.

Please feel confident in your purchase and rest assured we stand behind our cattle.

Thank You for your support.

*The Tillemans*

4C Red Angus was started by Corey and Carrie Guenzler, with a few head of registered Red Angus cows. Their son Coby is now taking over the reins. He started building his herd by buying a group of females from Raisland Red Angus in St Ignatus, MT, at the NILE sale, and at several production sales. He has increased his herd not only in numbers but in quality with his selectiveness. He puts a lot of focus into carcass traits and disposition. This will be the second year selling bulls with the Tilleman family. We are honored and thankful to be part of the I Like It Like That team.

*Corey, Carrie, Coby & Chance Guenzler*

Klingaman Red Angus is a family owned and operated ranch located one mile northwest of Harlem, Montana. Along with our children, Robby, Emma, Ethan, Quirt, and Sylvester, we produce hay, run a commercial and registered herd, custom farm, and create leatherwork. We started our registered red angus herd in 2016 with the purchase of heifers from Westphal and J5 Red Angus. Until this year, other than a few private treaty sales, we have focused on raising bulls for our own use. As such, we are excited and thankful to be a part of the "I Like It Like That" Red Angus Sale. Thank you for taking a look at our bulls this year. Cheers to a great calving season!

# Red Angus Guide to EPDS and Indexes

**ProS...** Profitability and Sustainability is an all-purpose index that predicts average economic differences in all segments in the beef supply chain. This index is a combination of the breeding objectives modeled in the HerdBuilder and GridMaster selection indexes. In this index, replacement heifers are retained from within the herd and all remaining progeny are fed out to slaughter and sold on a quality-based grid. Traits included in this index include calving ease, growth, HPG, STAY, Mature Weight, Dry Matter Intake and carcass traits. The resulting index is expressed in dollars per head born (Index/High Value).

**HB .....** HerdBuilder is a maternal selection index that predicts the economic differences of animals for traits that are important from conception through weaning. Expressed as dollars per head born, HB is calculated based on the scenario that bulls are mated to heifers and cows, replacement heifers are retained and all remaining progeny are marketed at weaning. Traits included in the HB index include Calving Ease Direct, Calving Ease Maternal, Weaning Weight, Milk, Mature Weight, Heifer Pregnancy and Stayability (Index/High Value).

**GM.....** GridMaster is a selection index that predicts the average economic difference of non-replacement calves through the post-weaning phase of production. GM places selection pressure on growth, feedyard performance and carcass traits. Expressed as dollars per head born, GM is calculated based on the scenario that progeny are fed out to slaughter and marketed on a quality-based carcass grid. Traits included in GM include Average Daily Gain, Carcass Weight, Dry Matter Intake, Marbling, Back Fat and Rib Eye Area (Index/High Value).

**CED .....** Calving Ease Direct predicts differences in the percent of calves born unassisted out of 2-year-old dams. (Percent/High Value)

**BW .....** Birth Weight predicts differences in actual birth weight of progeny. (Pounds/Low Value)

**WW .....** Weaning Weight predicts differences in 205-day weaning weight. (Pounds/High Value)

**YW .....** Yearling Weight predicts differences in 365-day yearling weight. (Pounds/High Value)

**ADG .....** Average Daily Gain predicts differences in weight gain between 205 and 365 days of age. (Pounds/High Value)

**DMI .....** Dry Matter Intake predicts differences in daily feed intake as measured in a feedlot during the post-weaning period. (Pounds/Low Value)

**MILK .....** Milk predicts differences in weaning weight attributed to the milking ability of the animal's daughters. (Pounds/High Value)

**ME .....** Maintenance Energy predicts the difference in maintenance energy requirements. (Mcal per Month/Low Value)

**HPG .....** Heifer Pregnancy predicts differences in the percent of daughters who are able to conceive and calve at 2 years of age following exposure to breeding. (Percent/High Value)

Michael “Big Mike” Tilleman was born on March 30, 1944, in Zurich, Montana, to Belgian immigrants Henry Tilleman and Irma D’Hooge, who taught all of their children the virtue of hard work. He acquired his sense of humor from his dad, Hank, who was known as a “World Class Bullshipper” and his business sense from Irma. Mike passed away at home in Havre surrounded by his loving family September 18, 2020.

He grew up on a farm and ranch, and his father said he was as dumb as a cow. However, Mike didn’t think cows were dumb, citing the fact that they always knew the right gate when it was time to come home. A fond childhood memory from the ranch was catching an eagle by hanging a rope off a cutbank. Unfortunately, the animal proved to be a disagreeable pet and he had to release it.

He attended grade school in a one-room school in Zurich. During his seventh grade year, Mike told the teacher he knew everything about the eighth-grade and wanted to jump right into his freshman year. She told him he would have to pass the end-of-year exam to skip eighth grade; he passed. In a high school essay, he later stated he

would not recommend it to anyone again because he thought he could have learned more. He hadn’t hit his growth spurt when he started high school and was given the nicknames “Little Tilleman” and “Thumper” because of his small stature and big feet.

Mike always enjoyed physical feats and challenges. He told his family he wanted to play professional baseball, but they did not have baseball on the farm. Never one to let a small obstacle such as this prohibit him from achieving his goal, he practiced pitching with rocks. Mike would run miles to move tractors and trucks, often completing the task so quickly his dad wouldn’t believe it had been done. He would wear weights on his arms and legs and run beside the hay wagon bucking bales. His physical abilities led to recruitment offers from University of Georgia, Naval Academy, University of Washington and Montana State (now University of Montana).

His athletic scholarship gave him the opportunity to go to Montana, where he was known for playing hard with personality. While there, he made many dear friends and had many exploits. Some of his favorite activities included tossing people in the air and catching them while sitting on a stool in the Mo’ Club and studying geology. Mike graduated in three years with a Bachelor of Science in business administration and held the record for a number of years for the most credits taken in one quarter.

After accepting his first job with the Minnesota Vikings, he met the love of his life, a Northwest Airlines flight attendant, Gloria Thorvaldson from Winnipeg, Manitoba. He saw her sitting next to his soon-to-be best friend and said, “That is the lady I am going to marry.” After marrying, Gloria successfully raised Mike and their three children.

Mike loved working so much, everywhere they went he had two jobs, reporting his offseason jobs were just as often equally, if not more, profitable than his primary occupation. The happy couple’s next move was to

the New Orleans Saints expansion team, and another job selling concrete and collecting on accounts receivables. Gloria and Mike loved the Big Easy and the many places they lived, including Houston with The Oilers and Atlanta with The Falcons, where he received the Brian Piccolo award in 1973. In Atlanta working his off-season job, he was quite proud of getting the first approval of PVC pipe in a major construction project, Atlanta Hartsfield airport. Throughout their travels they made many dear friends, with whom they stayed in touch across the years.

After 12 years of a physically demanding occupation, Mike was ready to come home to Montana and the place he loved, the Hi-Line. He called Bob Inman from Chinook who told him Taylor Chevrolet was for sale and shortly thereafter Mike bought the store. Typically, people without auto experience are prevented from owning dealerships, but like many things, Mike was able to sell the idea to the manufacturer. He later expanded into agricultural equipment as well.

Mike was very proud that the first employee he hired retired with him and his second hired employee is still working at the dealership today, 43 years later. His employees were like family to him. If you worked hard, you got along with Mike just fine. His businesses continue on, now successfully run by the next generation. Mike was given many awards in all aspects of his life, such as TIME magazine auto dealer of the year for his philanthropic activities, but he was most proud of the self-proclaimed title “Cribbage Champion of the World.” He won many games throughout his life, several of them during his last weeks at home playing with his children, grandchildren and friends.

After spending the first half of his life trying to escape the ranch, Mike went back to farming and ranching in the later half. He operated a large commercial and registered red Angus herd on his family’s farm and he loved his small “hobby.” One benefit Mike found from taking care of the land and animals, is that it gave him plenty of opportunity to go pheasant hunting with his faithful bird dogs every fall.

Mike was a father figure to many and a best friend to even more. His sense of humor and jokes are legendary. After telling a story about an after-hours melee, his ending statement was “the mistake the guy made was grabbing an axe, a guy with an axe only has one move.” He coached high school football, fortunately before political correctness and cellphones. He had a fantastic memory and could talk and make friends with anybody from all walks of life. Most everyone he met seemed to love him, except offensive lineman and quarterbacks. But they respected him.

Mike believed in the power of learning and wanted to encourage and help others to achieve their educational aspirations. He dedicated much of his philanthropy toward higher educational opportunities. He was a proud University of Montana Grizzly and Montana State University-Northern Lights supporter. He loved kids and supported their goals through 4-H, hockey and many other youth activities. The Northern Lights Athletic Scholarship Foundation started by Mike continues this important work today.

Mike liked to help people find meaningful work and enjoyed finding tasks for idle hands. He decided a massive garden would help his children be productive one summer and helped them raise sheep in their yard. He was a creator of jobs and enjoyed building many things. Gloria and Mike were a team in building businesses and networks of friends. The creation they were most proud of building was a loving family.

Mike loved to share the fruits of his many labors with his family, friends and community. He was able to spend his last days in the home and community he loved surrounded by his friends and family sharing countless laughs and memories. Until his last day, he rose early in the morning and contemplated what great feat he could accomplish. A true competitor, best friend and loyal teammate to many, he left it all on the field.

We invite you to join us for the dispersion of "Big" Mike Tilleman's Like It Like That Red Angus herd this May 21st. Mike was born into a ranching family with a passion for Red Angus and he has always loved his red heads. This remaining set of registered bulls were his passion and it shows in the high quality, genetical-ly proven animals he put together and delivered year over year. While it is a bittersweet day, when these bulls go to a new home to produce high end progeny for your herd, these bulls will carry on Mike Tilleman's legacy with the Red Angus breed for years to come. If you like fast growing, high producing Red Angus, then don't miss out on the opportunity to add Like It Like That's great Red Angus cow genetics to your herd this May 21st at our dispersion sale.

Sincerely,

Gloria Tilleman | Craig & Wendy Tilleman | Chris and Crystal Tilleman
